

10TH ANNUAL

TASTE THE DIFFERENCE FESTIVAL

EMBRACE THE DIFFERENCE

The International Marketplace Coalition (IMC) "Taste the Difference Festival" is now celebrating its 10th year! This year's celebration will highlight Indy's Best Global Cuisines.

Last year the success of this event was due in part to the over sixty plus exhibitors. This event is helping to shrink the globe and creating a village here in Indianapolis. Last year over 1,500 people of many beautiful shades joined in the festivities whether tasting the foods of the world, stopping by the cultural booths, or visiting the exhibitors and free health fair. By the end of the day all agreed this was an amazing event.

The IMC is again seeking exhibitors to support this unique cultural and educational event. Due to limited cultural booth space please return your commitment form as soon as possible. We look forward to your organization joining us!
